**To whom it may concern:**

After having appealed to you to stop financing and supporting different legal actions that my husband Jorge Alberto Gaitán Castro is involved in, which includes my petition related to violence against women and the restraining order that was filed against him, till today I've had no response. Its like I'm being dismissed, or this issue is simply not important to you.

I know that my life is in danger, due to constant threats and actions of Mr. Gaitán and the background of the attorneys advising him. For example, Ana Alejos ex-husband accused her of trying to kill him (<https://www.plazapublica.com.gt/content/sepur-zarco-la-finca-que-estrada-cabrera-vendio-heredaron-los-botran-y-habita-un-pueblo>).

Jorge Gaitán and his legal team have robbed me of my children and my life as a mother, manipulating the circumstances and my daughters. But the truth will come out, Justice will be served, not like he says, "Repeat a lie often enough and people will believe it", citing the criminal of war Goebbels. He is a compulsive liar, wanting to play the victim. I'm attaching a few pictures taken with my phone some time ago, of pictures he had on his phone, after returning from a trip to work on his defense from his former boss, when the truth is that he was on a trip with his lover, for their anniversary.

I never expected Attorneys hired by Peppertree Capital Management, Inc., to advise Mr. Gaitán, to laugh at and mocked me in Court, insensitive to the nature of a family matter. The level of disrespect to the Court and a woman victim is shameful.

I want to be firm and express that if anything happens to me, my children, my mother, or my extended family, as of now, **I make all companies related to him, Peppertree, Continental, AMLQ, Goldman Sacks, Tandem Infrastructure and Ropes and Gray LLP, responsible,** due to financing of Gaitán's actions. All of them and you, are accountable for having a director or been related to a person that commits Violence Against Women. Instead of paying his legal fees, you should take care of mine.

There is no need to remind you that a full and prompt investigation of the source of the money that it being used to pay for my husband's lawyers, should take please immediately. I know he gets money from Peppertree and Ropes and Gray LLP to pay for his lawyers. Once again, I need a response and for you to address the issue responsibly.

Once again, this letter and what is stated in it, should not be shared with Mr. Gaitán or his attorneys, which I ask from you as a victim's privilege. This petition includes Carol Echeverria, with whom he has an extramarital affair, having been involved for many years.

Regards,
